1. Prior to 14 June 1951, the Remonte-Schule in Gardelegen (M 53/Y 44) was occupied by a rear detail with about platoon strength. [REDACTED] the unit had allegedly moved to a troop training grounds in Land Thuringia and was to return in July.
2. A rear detail of 2 officers and 40 EM wearing red-bordered black epaulets with artillery insignia was located in the Flugplatz Kaserne on 14 June. The unit itself was said to be at the Ohrdruf (M 51/J 15) troop training grounds. A radar set was observed at the airfield in the direction of Hemstaedter Siedlung. *

* [] Comment. On 23 May 1951, [] the Flugplatz Kaserne was occupied to capacity. [] It is possible that the regiments believed to be quartered in the two barracks installations, i.e. the 693d How Arty Regt and the 780th Gun (?) Arty Regt of the 207th Mtz Rifle Div, have moved to a troop training grounds in the meantime. However, the selection of Ohrdruf is believed to be rather improbable, but it is possible that the units moved to Letzling Heath. A radar set, probably of the Dumbo type, was previously reported []
